

BED ROCK BURNER

The smart choice for easy warmth and comfort

The Bed Rock Linear Drop-in Burner is specifically designed to fit any trough style masonry fireplace or contemporary designed wood burning fireplace. Operated with an SIT Proflame II control system including convenient flame modulation on a sleek hand held remote. The Bed Rock Burner is also the FIRST vented Drop-in burner system featuring IC controlled LED lighting that operates with a remote or easy to use App. The main flame and LED lighting are independently controlled and operated. Available in 6 convenient sizes, install indoors or under a covered patio & add 1/2" reflective glass to finish off.

Figure 1

Figure 2

Place Bed Rock burner in your fireplace centering the base front to back and side to side. Centering the base allows the case to easily slide over the top of the base. (Figure 1)

Pull up on the handles located on the left and right side of the case. Lift the case and carefully place the case in the fireplace covering the base. Larger units may require two people to install. (Figure 2)

Reflective glass measurement for unit size

Burner Size	LBS Glass Media Used	Burner Size	LBS Glass Media Used
24"	10 lbs.	72"	30 lbs.
36"	15 lbs.	84"	35 lbs.
48"	20 lbs.	96"	40 lbs.
