Heritage 56SS Fireplace

ecosmart+ Fire

The Heritage Fireplace Series reimagines the classic hearth for modern homes, blending timeless aesthetics with innovative technology.

Heritage 56SS Fireplace

Design Features

Available in Three Sizes
Heritage Fireplaces are available in three sizes: the **Heritage 26SS** and **Heritage 42SS**, both featuring the award-winning BK5 Burner, and the **Heritage 56SS**, the largest model, powered by the best-selling XL900 Burner.

Colours
Available in a timeless black finish, Heritage Fireplaces feature a stainless steel burner and offer the option of black for the Heritage 56SS model.

Built to Last a Lifetime
Zinc sealed steel construction powder coated with super hi-temp black paint prevents rusting so all fireplaces can be used both indoors or outdoors.

1. Zero Clearance
Self-contained, zero clearance construction allows your Heritage fireplace to be framed into wood or metal studs, providing installation freedom and flexibility for builders, architects, interior designers, landscapers and homeowners.

Single Room Application
Single Sided fireplaces feature one open side - view the flame from the front.

Quick and Easy Installation
Requiring minimal assembly, Heritage Fireplaces are designed to be placed into the desired location, safely secured into position, and operated immediately.

2. Traditional Aesthetic
Ceramic fire-rated wood logs and the iron grate design create a classic fireplace look.

No Flue, No Chimney, No Vent
Fuelled by clean-burning e-NRG bioethanol, our burners produce a beautiful orange flame without any smoke, soot or ash.

Forefront of Fireplace Technology
Backed by 20+ years of research and development, and third-party certification, each model in the Heritage series features world-class safety and fuel ignition technologies.

3. Glass Fire Screen
The toughened glass fire screen stabilises the flame in windy conditions. The Integrated windscreen sits flush behind the frame.

Global Compliance
These models comply with existing standards in the USA, Europe, UK and Australia. O-TL listed to UL1370, EN 16647 BSI Certified and ACCC Safety Mandate compliant.

Heritage 56SS Fireplace

Accessories

Included

Jerry Can with Safety Spout and e-NRG* bottle adaptor

Jerry Can allows safe storing/ decanting of e-NRG ethanol. The e-NRG adaptor connects the Safety Spout to an e-NRG fuel bottle.

Decorative Ceramic Logs

Engineered to mimic wood, our ceramic logs provide an authentic visual experience without ash, debris or residue.

Lighting Rod & Lighter

The Lighting Rod is designed to safely adjust the slider position on the burner. It is also used for the ignition procedure.

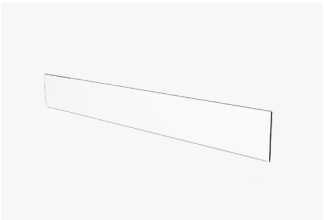

Grate Insert

Crafted using 1.2mm SECC steel for the tray and 10mm SECC steel for the bars, all finished with a high-temp black powder coating for durability and style.

XL Baffles

Placed over the internal burner vents, they serve to increase the efficiency of the burner as well as further stabilise the flame.

Glass Fire Screen

Paired with a glass fire screen, to stabilises the flame in windy conditions.

*e-NRG not available in all countries.
